Animated Jack o Lantern

1. Open PowerPoint. **Save** your 1st slide in the **Projects** folder, name it **jack**.
2. Use the Drawing toolbar to draw a jack o lantern (include a stem on the top!): **Autoshapes**, **Lines**, **Scribble**. **Save**.
3. Make a black background: **Format**, **Background**, select **black** and **Apply to all slides**. **Save**.
4. Go to **Slide Sorter View** (View and Slide Sorter).
5. Copy your jack o lantern slide (**Edit Copy** or **Ctrl c**). Paste it 5 times so you have 6 slides of your jack o lantern. (**Edit Paste** or **Ctrl v**) **Save**.
6. Double click on slide 5. Click on the mouth and **Delete**. **Save**.
7. Go back to Slide Sorter View. Double click on slide 4. **Delete** the mouth and the nose. **Save**.
8. Go back to Slide Sorter View. Double click on slide 3. **Delete** the mouth, the nose, and one eye. **Save**.
9. Go back to Slide Sorter View. Double click on slide 2. **Delete** the mouth, the nose, & both eyes. **Save**.
10. Go back to Slide Sorter View. Double click on slide 1. **Delete** the mouth, the nose, both eyes, and the stem. **Save**.
11. Go back to Slide Sorter View. Click **ONCE** on slide 6. **Copy** and **paste** it. **Save**.
12. Double click on slide 7. Use the **Fill Tool** (looks like a paint bucket) and fill each black jack part with **yellow**. **Save**.
13. Go back to Slide Sorter View. **Copy & paste** slide 6. **Copy & paste** slide 7. Move these slides so that your slide show ends with alternating black & yellow jack o lanterns. **Save**.
14. Click on **Slide Show** and **Slide Transition**. Choose **No transition**. Check **Automatically after 1 second**. **Apply to All**. **Save**.
15. Click on your 1st slide and watch your show!
16. Loop your slideshow so it goes over and over by clicking on **Slide Show** and **Set Up Show**. Click on **Loop continuously until 'Esc'**
17. Click **OK** and **Save**.

Non-Halloween options:

- sun face that goes behind a cloud
- a self portrait
- a face in your computer monitor
